

## SUITE OF BUSINESS SERVICES:

Transitions of Care • e-Prescribe • e-Labs • CQM Submissions & AMC Calculations  
Patient Portal • Mobile Apps • Mini-PACS System • Clinical Decision Support

- ▶ Deploy a white-labeled version of our fully certified EMR to run in tandem with your current implementation.
- ▶ The benefit of TwinLink is that your doctor customers continue using your software for day to day business, while becoming eligible for Meaningful Use Stage 2.
- ▶ Work-flow UI connections and/or SSO's between the two applications in place to improve efficiency.
- ▶ Once integrated, your company will be able to consume our full suite of Business Services.
